

Heavy Duty Pile Cage Spacer

Heavy Duty Pile Cage spacers are designed and manufactured from quality plastics, for strengthened stability. The unique design offers accurate cover for 360 degrees.

The Heavy Duty Pile Cage Wheels can be attached as the Pile Cage is lowered into the ground.

The spacer will not twist when in position due to the in-built sleeves which adjust to hold a wide range of bar sizes firmly.

The cage spacer has built in locking tabs which lock it in place, preventing the cage spacer falling off.

- **Manufactured from Recycled Materials**
- **Simple Push Fit installation Built-in Security Clip**
- **Suits Bar Sizes 10-20mm**
